

Health and Safety Measures Overview

We will follow guidance from the Minnesota Department of Health and Centers for Disease Control and Prevention. This is an overview of the measures we will take when we are in open campus and modified campus schedules learning models.

OPEN CAMPUS AND MODIFIED CAMPUS SCHEDULES

FACE COVERINGS for students and staff while indoors. The district will provide masks to all students and staff, and all are able to wear their own mask if preferred.

HAND HYGIENE practices and education

- **Hand Sanitizer** available throughout the building
- **Hand Washing** and sanitizing upon arrival at school, before and after meals, before and after recess and throughout the day

PHYSICAL DISTANCING

- **No large group** gatherings or events

CLEANING AND DISINFECTING of frequently used surfaces to happen throughout the day

NO VISITORS unless pre-approved through building principal

SCREENING AND RESPONDING TO ILLNESS

- **Students/Families and staff to self-screen** for COVID-19 symptoms before coming to school. If COVID-19 symptoms are present, they will not come to school and will inform the school.
- **Protocols for illness and exposure**, including isolation at school if needed

ADDITIONAL MEASURES FOR MODIFIED CAMPUS SCHEDULES

PHYSICAL SPACES will be maintained at physical distancing of at least 3 feet

- **Hallways** will be divided in half, and marked similar to a roadway, to create traffic flow patterns that maximize physical distancing
- **Classroom and school schedules** to limit physical interactions beyond a student's classroom and team
- **Floor markings** to ensure physical distancing in waiting areas
- **Student seating arrangements** where students are at least 3 feet apart

MEAL SERVICES

- **Meals to be eaten in classrooms or cafeteria with cohort**, maximizing social distancing and with precautions for allergies
- **Meal purchases** will be made using a touch-free system
- **Meals will be individually plated/packaged;** No self-serve food stations

TRANSPORTATION

- **Buses will transport students of families that choose to utilize transportation services**
- **All riders maintaining 6 feet** of distance from the bus driver
- **Seating charts will be used;** Siblings can sit together
- **Loading and unloading procedures** will maximize physical distancing to the greatest extent possible
- **Buses cleaned and disinfected** by the driver between routes
- **Students and driver to wear face coverings** on the ride
- **Windows to be open, as weather permits,** and ventilation systems maximized to promote air flow throughout the bus
